

CANADIAN MASTERS CROSS-COUNTRY SKI ASSOCIATION
L'ASSOCIATION CANADIENNE DES MAITRES EN SKI DE FOND

Canadian Masters Cross Country Ski Association Winter 2010 Newsletter

Belated Happy New Year to all members of the Canadian Masters. This has been a bizarre winter in the far eastern corner of the country. Early snow had us on our ski trails the second week of December. Several days later however, the temperature rose and the rain came. Christmas time saw more people on our golf course than our ski trails. Winter has finally returned however as all of our trails are now open.

MWC 2010

Thirty Canadians are registered for the MWC 2010 in Falun. This is a respectable number when you realize that the OWG are scheduled for the same time period. Results and photos will be available in the Spring newsletter. Hopefully Dave Rees will have his camera.

MWC 2011

Hopefully by now most Masters are aware that the MWC 2011 will be held in Sovereign Lake, BC. If you are planning on attending you should contact the accommodations people ASAP. For this event to be really successful we will need at least 400

Canadian Masters to attend. This is a chance of a lifetime as the MWC only comes to Canada about every eight years. Check out their web site at www.mwc2011.com.

2010 Canadian Masters

The OC of the Blow me Down Ski Club in Corner Brook are waiting patiently for the registration list to start growing for the 2010 Canadian Masters. Fortunately they did not experience the same problem with lack of snow as we did in Stephenville and their trails are in great shape. I urge you all to attend and experience our unique Newfoundland hospitality. They have worked very diligently to ensure the event is successful.

Ski Draw

I am pleased to report that our ski draw is more successful this year. Go to the Canadian Masters web site and download a ticket on a pair of skis and support the association.

That's about it for now. The Spring Newsletter which will follow our AGM will have much more details.
